BRILLANTMONT INTERNATIONAL SCHOOL

Avenue Secrétan 16, 1005, Lausanne, Switzerland

- Its small size enables us to see each and every student as an individual with unique strengths and talents and ensures very close teacher support and contact
- It offers British A Levels in a wonderful Swiss setting
- It is still owned and run by the same family who founded it in 1882 and we pride ourselves on creating a home away from home

1

Owned by the same family since the school's foundation in 1882, Brillantmont is a leading Swiss boarding and day school, offering an internationally recognised programme.

It is in the centre of Lausanne, a lively city on the shores of Lake Geneva, in the French speaking part of Switzerland. It is spacious with excellent, up to date facilities, including an incredible multipurpose hall offering a full-sized gymnasium and a 100m² stage area. Accommodation is of the highest standard. Brillantmont has been fully accredited by NEASC and CIS for over 30 years.

Brillantmont welcomes students aged 13-18, from around 30 different countries into Grades 8-12.

Students can join for a full academic year or more or for 1 or 2 terms. Teaching is in English, but all students learn French, the local language. Students follow a British or an American programme of studies.

A Summer Course in July and August gives 10-17 year olds offers French or English classes, afternoon sports' programmes, excursions and activities. Minimum stay of 2 weeks.

2

Living amongst so many nationalities enables students to learn about other cultures, speak new languages and develop a global network of contacts. Sharing a room with a student of another country promotes inter-cultural understanding and these friendships last a lifetime.

Sports are compulsory and a wide variety is offered, varying with the seasons. After class at Brillantmont our students are busy with clubs. Model United Nations, Habitat for Humanity, the Soup Kitchen, Young Enterprise, music, dance, art, cooking and various sports clubs and teams are just some of the many things that take place. They help develop critical thinking, strengths and talents beyond the classroom, as well as building friendships and having fun!

The school takes advantage of its location in the heart of Europe to develop a sense of internationalism through trips to neighbouring countries and through language acquisition. A week long holiday trip takes place in October and in February, we head off to the mountains for a week of skiing. Skiing also takes place at weekends from January to April. At weekends, many activities and excursions are organised in the local area and further afield. We like our students to keep busy and to fully participate in all the opportunities offered.

Outstanding pastoral care, excellent facilities and spacious accommodation help create a home from home in which students feel part of the Brillantmont family, no matter how far from home they are.
